THINGS TO CONSIDER

It is a good idea to consider the teams you might be playing against when thinking of what colour to make your new uniforms. This will minimize any clashes you may have with teams that are the same colour as your own.

We are more than happy to put numbers on the jumpers for you. They will be printed on, so cannot tear off etc. If you would prefer a stitch/iron on number, please place your order without numbers. Please note we do not supply stitch on or iron on numbers.

At this point, we are only offering jumpers, we do not supply shorts at this point in time. However, watch this space, as we are actively sourcing a supplier for shorts!
